Take the Stage: The ABC's of Acting

Do you like to act? Do you want to perform? Then this is the workshop for you! Through unique and fun theatre games and activities, young actors will acquire valuable skills that boost confidence, encourage teamwork, and empower the imagination. Performers will learn about voice projection, stage movement and has character development through structured games and improvisation. The workshop will conclude with an imagination celebration where our actors can perform the skills they have learned for family and friends. No acting experience necessary. Come and take the stage with us!

Grades K-3 | Tuesdays

Dates: 1/30, 2/6, 2/13, 2/27, 3/13, 3/20

Chess

Chess is the classic strategy game played all over the world. Whether you're new to chess or have been playing for years, AlphaBEST Chess Club will meet you at your level and then give you the tools and knowledge needed to master the game. Playing chess has been linked to higher IQ's, achievement in math, enhanced memory, creativity and sharper critical thinking skills. Right brain or left brain? Activate both sides of your brain with chess.

Grades K-3 | Tuesdays

Dates: 1/30, 2/6, 2/13, 2/27, 3/13, 3/20
